

HOW SAFE IS YOUR WORLD?

On any given day across the U.S., an average of 16 employees incurs a fatal injury at work.* Will one of those fatalities occur at your company?

Curt Lewis & Associates, LLC (CLA) specializes in helping aviation companies manage risk to an acceptable level—and no matter where your company is located, we've got you covered.

WHY USE US?

CLA offers true custom solutions, based on your business requirements. Our business associates are professionally certified:

- Safety professionals
- Safety program instructors
- Hazardous materials managers
- Associate industrial hygienists

We also maintain close industry associations with professional organizations, such as the Board of Certified Safety Professionals.

WHAT YOU GAIN

- Reduced insurance deductibles
- Lower legal fees
- Less lost time and overtime
- Improved productivity and equipment
- Acceptable risk to employees and customers

Call us for a free consultation on how you can keep your world safe.
